seasonal NEWS

We are very happy and overly excited to present the NEWS of our beloved AW17 collection. Each new item is carefully designed and selected to match the strong tendencies dominating the season; DARK NORDIC. It is a distinct style we see take inspiration from the famous art deco, a design direction that first appeared in France in the 1920'ies when economy was thriving and thus tempting a lavish and luxurious lifestyle. Conveyed in a 2017 perspective, Dark Nordic and Art Deco is all about embracing the abundance of home décor. It is about not being afraid of displaying your personality in every aspect of your home and on the contrary letting in atmosphere and character.

Enjoy these extravagant, elegant, rich, and overwhelming news that embrace the AW17 season. Minimalism has shined for several seasons and now leaves room for a dark look with new wonderful possibilities. Dark Nordic is luxury and glamour with a classic Bloomingville twist.

Golden shades are still trending. Accents of gold and warm brown metallics are an excellent way to add luxury and richness to a home's interior. Variants of gold add drama, and because gold is a warm color, it partners with many color palettes; a soft brown is amongst the favorite signature autumn colors which complete the perfect dark Nordic look.

Red is a hue that can evoke many emotions: It can be energizing and polished in a living room, spicy and appetizing in a kitchen, and just sensual and delicate in a bedroom. Gorgeous velvets, brushed cottons and sassy fringes work perfectly to provide a luxurious touch. Gold works stunningly as a contrasting element to enhance a rich feeling.

Complementing the dark season tendencies is the natural trend, combining natural elements such as wood, ceramics and metals. A classic mix is the combination of strong wooden details and hints of delicate marble, whereas rustic ceramics, elements of wood, bold metals and soft textiles constitute an unconventional yet on-trend look. Simplicity of form will be key in the way each material will be mixed together leaving a wonderful balance of cool and warm, of rustic and refined, of classic and modern.

Ava and Emily are two new tableware series in the Bloomingville family. These gorgeous new series fit in perfectly with the natural dining concept; with casual toned down colors and a purposely understated expression it is easy to dress the perfect table for an everyday feast.

Darker wooden elements and stunning crystal glass add a bit of sparkle to complete the festivities.

Furniture

The Furniture collection features a wide range of contemporary furniture for the way you live. We are presenting Bloomingville classics as perfect choices for quality, harmony and modern living. New breathtaking furniture are introduced to meet the season trends and support the Nordic roots of the Bloomingville brand.

The Bloomingville designs within the upholstery range are taking a minimalist approach with pared-down features and understated fabrics. The modern Scandinavian designs are about getting back to basics, accentuating extreme simplicity in open, clean-lined designs and distinct color combinations. Place them in an intriguing Dark Nordic environment and they will shine like never before.

Characterizing the entire collection is the high level of quality, the great attention to details and that certain hint of Bloomingville.

KNOW YOUR FABRICS

We use different fabrics in our furniture collection to provide the strongest selection possible. We want to make sure that you can fully enjoy both the look and the longevity of the furniture.

For a very durable solution go for a piece of furniture in a polyester fabric. It is very easy to maintain and the furniture will keep the look and feel for a long time.

Wool is a favorite choice of fabric, being very durable and elastic; it is all natural and great for a Nordic style and clean look.

ENJOY THE FURNITURE COLLECTION IN NATURAL WOOL, SOFT COTTON AND DURABLE POLYESTER.

Kitchen

The kitchen category is packed with brilliant news and bestselling classics. The rustic feel continues in new designs as great supplement to classic Sandrine; all filled with texture and personality.

New patterned and basic tableware series have joined the selection offering plenty of chances to meet the consumer's demands.

Dark materials and intense metals will enhance details of the tableware selection while appreciating the delicate touch of crystal glass at the same time. Golden accessories embrace the luxury of Dark Nordic and bring your kitchen supply to a higher level.

Summer tableware from the previous season will transform wonderfully into an autumn environment when paired with acacia wood, dark cutlery and crystal glasses; don't be afraid to mix season favorites.
