-EVER CHANGING HOMES

spring summer seventeen

spring summer seventeen

We believe that small changes in a home can bring happiness. It can be a new vase for beautiful spring flowers, or a new cup for the morning coffee. **What makes you happy is all up to your inner designer.** We do not design to dominate homes, spaces or people, but to support them. To let you be creative with the designs as you please.

With these words in mind we are happy to present the new Bloomingville spring/summer 2017 collection. A collection that takes pride in ancient Japanese craftsmanship with a deep love for high quality materials and simple details. This style direction takes on the simplicity and minimalism of the Nordic Bloomingville look perfectly.

Retro is still going strong and we are excited to once again work with reinterpretations of classical patterns, signature glazes and natural textures. One of the dominating colors to complement these tendencies are the delicate soft rose that stands out brilliantly when matched with the color of the season; burned orange. We see the distinct color mix in decoration styles, cushions and vases in the home accessories category and cups and tableware in the kitchen category. Brown and earthy shades are still to be noticed adding character and warmth to any interior design.

Remember to pay attention to all the styles marked with ✱. These are this season's Key Items; special selected styles that constitute the absolute trends of the season. These styles are not to miss.

Enjoy the new Bloomingville catalog and the spring/summer 2017 season.

Best regards

nordic summer

Natural rustic is key this season; in material and color, shape and size. We see a subtle use of colors contrasting gorgeously with an expressive use of high quality materials; a combination that leaves the ultimate Nordic summer look. Classic deck chairs, soft hammam towels and practical beach mats are all styles to make the summer even more inviting, providing the perfect summer kit.

rich elements

This season emphasizes a rich palette of materials that can bring softness and shine, natural appearance or minimalistic expression and all of that in the same time if you wish. The individuality of the materials are truly unique.

The key to this trend is in the mix of contrasts: soft and clean lines add balance whereas ceramics combined with wood and weave bring character and personality and not least prolongs the summer feeling.

EMBRACE THE NATURAL BEAUTIES

winning contrasts

Golden ceramics mixed with suede cushions will bring a sense of Nordic luxury to the home. Wall hangers in natural shades are eye-catchers to create a personal look.

pure aesthetics

Peaceful simplicity surrounds the modest designs of Japanese culture. Thousands of years steeped in tradition have influenced the Japanese interior design aesthetic, resulting in a serene and very cultural interior design.

This spring/summer season we have explored and interpreted the traditional Japanese philosophy with simple and poetic home accessories. We are focusing on harmonizing with nature by adding natural wooden elements into the home. The bamboo tableware stacked in wooden display boxes constitute the perfect image of Japanese mentality; embracing the fact that hand-made home interior is perfectly imperfect.

By adding simple furniture in natural colors and your favorite home accessories, you achieve the perfect balance of Nordic clarity and aesthetic Japanese values.

A bright summer dinner deserves the appropriate summer table settings. Mix the gorgeous rustic ceramics in different shapes and colors to enhance a casual and relaxed feeling, and use a light and delicate rug as tablecloth to add a personal touch and bring out a natural Nordic look.

homemade herbal salt

This delicious herbal salt is one of our summer favorites with a great deal of love for raw materials.

INGREDIENTS

1 large handful oregano, thyme,
tarragon and rosemary + 2 dl
Himalayan salt.

Pick the herbs from the garden and make sure to rinse them properly. Chop the herbs and spices and mix with salt. We like it rustic, but keep mixing and blending if you fancy a delicate salt. Put the herbal mix on a cutting board or kitchen towel and let it dry; make sure to stir regularly. When it has dried fully you can fill your jars with delicious herbal salt.

We are happy to present new must-have items in wood and ceramics; the mix of these materials is absolutely divine and easy to combine with the new fair-trade tableware.

One of the strongest trends from the autumn/winter 2016 collection was the retro look; a fresh new take on fabulous vintage styles to be reinterpreted the Bloomingville way.

The trend continues vividly in the spring/summer 2017 collection with gorgeous hand-made items that bring edge and charisma to the home. These flowerpots are unique in both style and shape. The color of glazing varies on each style adding a touch of surprise to the experience.

This delicate texture has the incredible ability to take us places and decades we'll never go to, while having the major fashion ability to be all at once. It blends perfectly with any other design, making it look retro sophisticated. Suede has an undeniable sensual appeal; suede is a statement.

THE VERSATILITY OF RUGS

A rug can set the tone for an entire living space. They are a great way to liven up an ordinary, flat looking space, adding interest and character.

These favorite neutrals work in classic or contemporary designs. The grey and brown tones are soothing and sophisticated at the same time and can be a great update for a casual or more luxe space.

EFFORTLESSLY ELEGANT

It's back! The gorgeous signature piece by Bloomingville with a name that explains this delicate piece just perfectly: it's ELEGANCE with sophistication and gracefulness on top.

The dark blue velvet takes us back to the genuine 50'ies mood. Combined with a hint of Nordic glamour, in terms of the golden legs, this is pure elegance.

This season we have added a stunning rose color to the assortment; when paring up the luxurious nature of the soft velvet, the gentle touch of a passionate rose, and the posh qualities of the gold, it makes up for the must-have piece of the season.

DISTINGUISHED DIVINE

The DIVINE sofa is no stranger to the Bloomingville Furniture collection. The style is a Bloomingville signature piece with roots deeply planted in the Nordic traditions making it perfect for those who love simple beauty.

In the spring/summer 2017 season we recommend adding sassy orange and burned home accessories to match the sofa; both accessories and sofa will stand out.

NIGHTTIME ESSENTIALS

Bedside tables should not be so low that they look diminished by the bed or so high that it is necessary to reach way up to turn on a lamp.

These Bloomingville bedside tables are perfect in both height and shapes; they are easily accessible from the bed with tops wide enough to hold lamps and to artfully stack personal essentials right on top.

KITCHEN

The kitchen is undeniably the heart of today's home, so we expect the kitchen to look it's best at all times. At Bloomingville we are happy to present another innovative kitchen collection that allows our consumers to personalize the kitchen to reflect their personal style.

Characterizing for the spring/summer 2017 collection is the introduction of the powerful combination between the delicate rose color and two of the most important colors of the year, brown and burnt orange. Wooden decors, tableware classics, and functional storage are dominating elements of the collection providing the chance to complete a Bloomingville kitchen.

Look forward to contemporary new takes on classic designs, new fair-trade tableware, and splashes of surprises for the kitchen lover.

FAIRTRADE JOLIE

This spring/summer 2017 season we are happy to present our first fairtrade tableware, Jolie. The rustic tableware originates from Sirt Sivam Pottery (SSP), a local pottery in Allankuppam, India. The pottery was established in 1985 and has since its tentative beginnings focused on women's empowerment. The employees are working under supervised conditions and are provided with training and education; conditions that are not a matter of course in India.

The pottery not only makes gorgeous ceramics through thorough processes of working with the raw material, the local pottery also gives the women of the village the chance to better their lives; the chance to help their families, and change their destiny.

Please welcome the Jolie fairtrade tableware to the Bloomingville family and help the women in Allankuppam, India.

Coffee Drip Stand

FOR COFFEE CONNOISSEURS

Enjoying the smell of fresh coffee in the mornings? The sweet tunes of the radio embracing a new day? And the sound of pages of the paper being turned only to be disturbed by the taste of freshly cooked breakfast?

This exclusive coffee drip stand has the power to help enhance such atmosphere.

This is a simple yet craftsman like method of slowly and meditatively soaking coffee grounds set in a filter over an equally refined cup.

The Bloomingville coffee drip stand is crafted with an adjustable, industrial-style golden arm, a rustic base and a clear glass cone dripper. The exclusive pour-over coffee stand is stunning for slow-brew coffee aficionados.

THE FINISHING TOUCH

Looking at the spring/summer 2017 season, table cloths are making a positive comeback. Tablecloths add color and character to a table. A dull, dining place can be brightened up when choosing the right table cloth.

Tablecloths with vintage themes like geometric patterns and prints are the perfect way to add a more finished touch to the décor.

Mini

As always the stunning MINI collection opens a universe of creativity and fun. With this spring/summer 2017 collection we are delighted to present new dashing MINI styles wrapped in beautiful hand-drawn illustrations; the theme of the season is the adventurous sea where we encounter a playful otter, the graceful seahorse, the friendly shark, and many others.

The colors to portray this theme are recognizable from the Bloomingville main collection; rose colors with a splash of yellow and curry for the girls, and a radiant petrol blue mixed with mint, light blue, and a dash of orange for the boys.

Enjoy the new MINI universe; it features everything the small ones in the family can wish for and looks like everything the parents in the family can vouch for.

KIDS

After a successful AW16 launch of the Bloomingville KIDS collection, we are now happy to present yet another fabulous KIDS universe.

The collection is once again divided in a cool and edgy category for boys and a strong feminine category for girls. Cool illustrations, sassy characters with personality and edgy charm, monsters and mermaids interpreted in the Bloomingville way are elements characterizing the new collection.

The KIDS items are naturally inspired by the Nordic Bloomingville style you know and love. This leaves endless styling possibilities in the children's room with the children as co-designers. The spring/summer 2017 KIDS collection is personal and fun design for any kids' room.
