TECHNICAL SPECIFICATIONS

Compact interior design allows maximum space for everything

Crash Baggage trolleys are made in ABS/polycarbonate, an impact resistant and elastic plastic which stands out for its hardness and lightness.

Each collection consists of:

- A set of three pieces: Large. Medium and Cabin
- Four wheels spinner, for greater stability and comfort in movements.
- A two wheels model available in cabin size.
- Aluminum pulling handle; lightweight and easy to manage.
- TSA, the universal model required for traveling to the USA.

The Pioneer Collection is the first collection to be released to the market. It's characterized by a careful selection of light and dark colors with a matte finishing.

Francesco went to Amsterdam with his
CABIN SIZE BRIGHT BAG IN GOLD MINE

BRIGHT COLLECTION

Available in four colors

PURPLE ELECTRIC

GOLD MINE

BRONZE FACE

The Bright Collection includes metallic colors and its main characteristic is the bright finishing of the body shell. This makes the color tones stand out for their intensity.

Gabriele went to a photo studio with his
LARGE SIZE SURFACE BAG IN WHITE FUR

SURFACE COLLECTION

Available in two colors

WHITE FUR

BROWN FUR

The use of texture on the surface allows us to partly hide the dents decreasing the perception of a ruined case. Study and graphic realization in collaboration with artists.

Gabriele went to the forest with his
