FOSCARINI

Foscarini

Appassionati per la luce — *Passionate about light*

Dietro a ogni modello della
collezione Foscarini, ci sono persone
che ogni giorno lavorano con il cuore,
la testa, le mani. Immaginando nuovi
modi di accendere un'atmosfera.
Ricercando forme semplici eppure
inconfondibili, nelle quali l'innovazione
tecnologica è sempre presente, senza
ostentazione.

Behind every Foscarini collection
model there are individuals who work
with their hearts, heads and hands every
single day. Creating new ways to light
up the atmosphere. Researching new
straightforward but unmistakable forms in
which technological innovation is always
present but never conspicuous.

Thoughts take shape

*It is from a meeting of minds
that innovation emerges*
