TENDENCIES
2020

It is time to renew. Time to shake off the chill of winter and add colourful bursts of spring freshness to your home.

Spring is at the door, and so is our Tendencies 2020 collection. A collection that celebrates individuality and personal style. We are proud to present an eclectic mix of furniture, lighting, home accessories and a brand new category of lifestyle products ready to move in with you.

With inspiration from different design eras, we welcome anything from classic, minimalist designs to explorious pieces bursting with excitement and freshness. Colours are regenerating and lively and will appeal to all tastes, from the most sophisticated to the most adventurous.

With an always playful approach to design, we continue to curiously explore how colours and materials can be combined in new creative ways. We expand the palette with shiny metallics, colour-blocking mirrors and exciting surfaces and effects ready for your fingers to touch.

It is all about being creative, maybe even a little rebellious. Dive in and find your own, personal favourites.

Calming curtains

Playing with materials is one of our favourite things to do. Inspired by the calming feel of curtains, we have given our new coffee tables an elegant, almost fabric-like feel.

Create an inspiring environment by mixing a classic piece of furniture with colourful, decorative objects in your favourite materials.

Depth and dimension

Warm up a neutral kitchen by inviting different materials into the picture. Add decorative accents in a variety of shapes and colours for extra depth and dimension.

Live it up

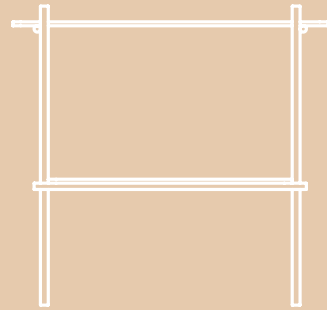

We encourage you to be bold and explore how colours will live up when combined in creative new ways. Dare to be experimental.

Who says that all of our furniture has to be the same colour in order to make up a cohesive and well-designed room? We definitely don't.

tables

Whether looking for a statement piece to complement your sofa or simply a place to gather your loved ones, we are sure that one of our many tables will match your preferences. Oval, rectangular or square - we have got it all.
