present time®

About us

Present Time is a wholesaler, specialising in home decoration items - design clocks, lighting and small furniture. As a Dutch company with a Danish CEO, we have a surprising combination of Dutch design and Scandinavian style.

Our history

In the early 1980's, a small gift company called Kaleidoscoop started. Due to the success of this company it merged with Clockwork and they decided to combine their strengths under the name Present Time. In 1999 Present Time expanded by buying two other companies - Karlsson and Leitmotiv. Today these companies are still recognisable as brands of Present Time. Present Time continued to grow over the past decade and is now the parent company of the brands: pt, Karlsson, and Leitmotiv.

Our creative department travels the world to surprise everyone with new collections that are presented in our catalogues twice a year. The Spring/Summer catalogue comes out in January and the Autumn/Winter catalogue is launched in August. To keep you surprised and excited, a small range of products will be added throughout the year.

The Present Time Head Office is located in Almere, the Netherlands. Present Time is active all over the world, where you can find our products in the world's most famous department stores, but also in exclusive gift shops and online.

Themes Spring/Summer 2020

Our new Spring and Summer collection contains 3 different themes.

By now we all know the **Subtle Luxury** theme which is implemented in a lot of homes. People simply love to have the feel of luxury when they are relaxing at home. Colours like **black**, **dark blue**, **warm red** and tones of **green** combine beautifully with the gold accents. **Velvet** is also still here to stay as it fits the theme and matches perfectly with a touch of gold. It feels a little like the Renaissance of the future. The new **gun metal** colour in the steel material is on the rise and also matches with these darker colours.

The theme **Native Nomads** is still popular; more and more the natural colours of this theme, like **sand brown**, **faded pink**, **warm grey** and jade green, can be found in any interior; either in the bedroom, the living room or even the bathroom. It gives a feeling of peace, serenity and awareness. These colours are most suitable to be combined with natural materials like concrete, cork, bamboo and any kind of wood. This theme is not about prints but we must not forget structure. By adding simple geometric patterns, we made Native Nomads complete.

The last theme is added especially for this summer season; **Summer Fairytale**s. With its colour palette of different **pastel tones**, it gives you the sweet feeling of living in a fairytale. We mostly selected **outdoor items** for this theme to give your garden, your balcony or roof terrace the finishing touch to relax and dream away on warm summer days.

The best part of it all? It is possible to combine all themes and make your own unique combination. You can go for the sun kissed colours of Native Nomads and add a touch of Subtle Luxury. It is up to you! Be bold, find your own style and do not be afraid to mix colours, patterns and materials to create your favorite style group.

88 - OUTDOOR RANGE

Can't wait for summer to start? We neither! This season we introduce a new range of outdoor furniture. It has a playful yet grown-up stripe design and is available in 5 colours. No garden? No problem! We added a rocking chair to this range which is a statement piece on its own. Simply mix and match to make your own perfect combination.

98 - EXPLICIT FURNITURE RANGE

This new range consisting of a sofa, chair and bench breaths luxury. The vertical lines give the items a little something extra. A sophisticated range of furniture items which will upgrade your interior with a touch of hotel luxury combined with trendy design.

102 - BAR STOOL KEEN

Use our bar stool Keen to upgrade your dining room or kitchen. This bar stool gives a little extra to your interior. The soft velvet fabric combined with the black frame gives the stool a touch of retro but the trendy colours make this bar stool fit in the interiors of today. Also available as dining chair.

118 - TABLE LAMP DOME

Our new table lamp Dome brings light and style to your interior. Decova design made this lamp especially for our Leitmotiv collection. It is available in several colours mixed with antique gold. Would it not fit perfectly on your bedside table or on a cabinet to light up the dark corner?

124 - LAX PENDANT LAMPS

These glass pendants with mirror finish will give any room a glamorous appeal. Even when the lights are off. The mirror finish maximizes the warm glow of light when turned on. This pendant lamp will upgrade your interior.

126 - FLOOR LAMP FIT

A clean and elegant design. Fits perfectly in a reading corner. A little bit industrial design due to its sand coated finish. However, the colours this floor lamp comes in, make the lamp perfect for any interior. Whether you like the Scandic style or the Native Nomads, there is always room for our Fit floor lamp.

165 - PENDANT LAMP BLOWN ROUND

We added a new pendant lamp to our Blown family. The round glass shade is hand blown and the 5 curves are added manually. What a perfect example of beautiful handcraft. Available in 3 colours; gold, gun metal and chrome. All with a mirror finish to give the light an extra shine.

Floor lamp Classy is reminiscent of a classic floor lamp and lives up to its name. The slender, fully iron tripod floor lamp has high legs with a shiny cylinder-shaped shade, which diffuses atmospheric light, perfect for the seating area. The shade is wider at the bottom and narrower at the top, creating a special light effect. The cord can be attached to the leg with the aid of clips.

Moveable Magnetic Lamp

Modern wall light Plate has a magnetic light source that can be placed both above and below the metal shelf. So you can either put little things on the shelf or you can look at yourself in the mirror and you have enough light at your disposal! What else do you need? The visible light bulb is also completely on-trend at the moment. A practical and beautiful modern wall light with mirror.

Modern table lamp Gala is available with a base in various fresh colours; green, black, grey, pink and ochre yellow. The milky-white glass spreads a warm light.

As the name suggests, Table lamp Bank is a typical, classic table lamp in a banker's style. The old-fashioned, traditional banker's lamp was given a modern look for this model.

The wall clock Vintage
has shiny numbers on
top of a coloured glass
dial, therefor the numbers
are easy to read.

This is what makes this
clock a really good item
for the childrensroom.

Choose a basic colour
like black, grey or white
or make it funky with a
colour like red or yellow.
