The background of the entire page is a reproduction of Claude Monet's painting 'Water Lilies' (1913). The painting depicts a pond filled with large, dark green lily pads and several blooming water lilies in various colors, including pinks, purples, and whites. The water is rendered with soft, impressionistic brushstrokes in shades of blue and green, reflecting the light and the surrounding foliage. The overall mood is serene and dreamlike, characteristic of the Impressionist movement.

Fantasia of Flowers

Pearlescent pinks. Fresh fuchsias.
Grassy greens. A symphony for the seasons.
Wander into our world of floral fantasy.

Deliberate dabs and daubs in deep blues
and pastel hues. Let your imagination
wander into the glorious garden at Giverny
through Claude Monet's Water Lilies.
