LOQI x Snask

LOQI teamed up with Snask – the creative agency of misfit geniuses conquering the world through fine looking design and real emotions – and created a bold collection of bags, zip pockets, weekenders and laptop covers.

“They are doctors of disturbance, wizards of disruption and spokesmen of disobedience. They take on the responsibility to stay engaged, give a damn, and strive for empathy. There is a short word for this assumption of responsibility” — Snask

100% Recycled Polyester

Starting 2021 all new products by LOQI will be produced step by step in the superstar **GreenCircle recycled certified** tafetta material.

Did you know that RPET material made from plastic bottles cannot be recycled again? This is why we choose a recyclable close chain system fiber. Our polyester taffeta is pretty fantastic.

Recycling never looked so good!
