THE MOLESKINE STORY

FROM LEGENDARY BEGINNINGS

The Moleskine notebook is the heir and successor to the legendary notebook used by artists and thinkers over the past two centuries: among them Vincent Van Gogh, Pablo Picasso, Ernest Hemingway and Bruce Chatwin. A simple black rectangle that held the sketches, notes, stories and ideas that would one day become famous paintings or the pages of beloved books. In the mid-1980s, the notebook that Bruce Chatwin had nicknamed "moleskine" became increasingly scarce and then disappeared completely. In 1997, a small Milanese publisher brought the legendary notebook back to life, choosing this literary name to revive an extraordinary tradition of creativity and self-expression.

THE JOURNEY BEYOND PAPER

Moleskine has grown into a brand that encompasses a whole family of nomadic objects dedicated to our mobile identities, versatile tools for both ordinary and extraordinary journeys: notebooks, journals, bags, apps, writing instruments, reading accessories and books which complement each other in form and function, and which become open platforms for creativity and self-expression for the thinkers of tomorrow. From a book yet to be written, to the tools needed to write it, digital systems that allow the most seamless ways of expressing creativity, and bags to

contain the things we need on the move, Moleskine offers an ecosystem of carefully designed objects and services that inspire mindful travel, foster ideas and trigger exploration. This ecosystem also includes physical and online spaces such as our own brand stores and Moleskine Cafés around the world, Fold magazine, and the myMoleskine online community.

FACILITATING SEAMLESS WORKFLOWS

Moleskine believes in the infinite potential for continuity and connection between analog and digital. Various analyses have shown us that Moleskine enthusiasts are naturally inclined towards the digital realm and feel completely comfortable using both analog and digital devices, or even merging them together to create new hybrids. Moleskine creates and delivers meaningful Consumer Journeys that blend analog and digital elements in order to fulfill our users' needs. Moleskine+ is an ecosystem of smart tools and services designed to simplify the creative and productive process. Smart notebooks with special page layouts together with smart pens and mobile apps instantly bring content from page to

screen, allowing an idea to evolve naturally on paper before being edited and shared digitally. Building on the brand's role as an enabler of creativity, the Moleskine+ category seamlessly integrates analog and digital features to offer a more connected experience.

MOLESKINE SPACES

Today, Moleskine makes room for inspiration not only in its collections, but also in a series of physical and online spaces. Whether real or virtual, each one embodies Moleskine core values and provides opportunities for the brand's community to meet, share knowledge and build ideas. Moleskine spaces include own-brand stores in major cities around the world; Moleskine Cafés in Geneva, Milan, Hamburg and Beijing; the myMoleskine online community; and Fold magazine by Moleskine.

INSPIRING JOURNEYS

The brand values are founded on five pillars.

Moleskine is an inclusive and premium brand providing tools and services that enable everyday life on the move. It is an ecosystem that accompanies us on journeys of the body and of the mind, with us every step of the way. Moleskine inspires mindful travel, fosters ideas and triggers exploration - filling our path with thoughts.

Moleskine was ranked #6 in The Top 200 Lovemarks by Saatchi & Saatchi, holding this prestigious position along with Apple, Google and Coca-Cola. Its strong connections to art, culture and the global creative community are expressed through PR campaigns, high-profile cultural partnerships, Limited Edition projects, social media and digital marketing.

The brand values are founded on five pillars:

CULTURE

Moleskine is a cultural icon, a brand that tells a story. A Moleskine object connects the owner to a heritage in art, literature, culture and geographical exploration.

IMAGINATION

Moleskine collections are open platforms for creativity, trusty companions for meaningful existential experiences.

MEMORY

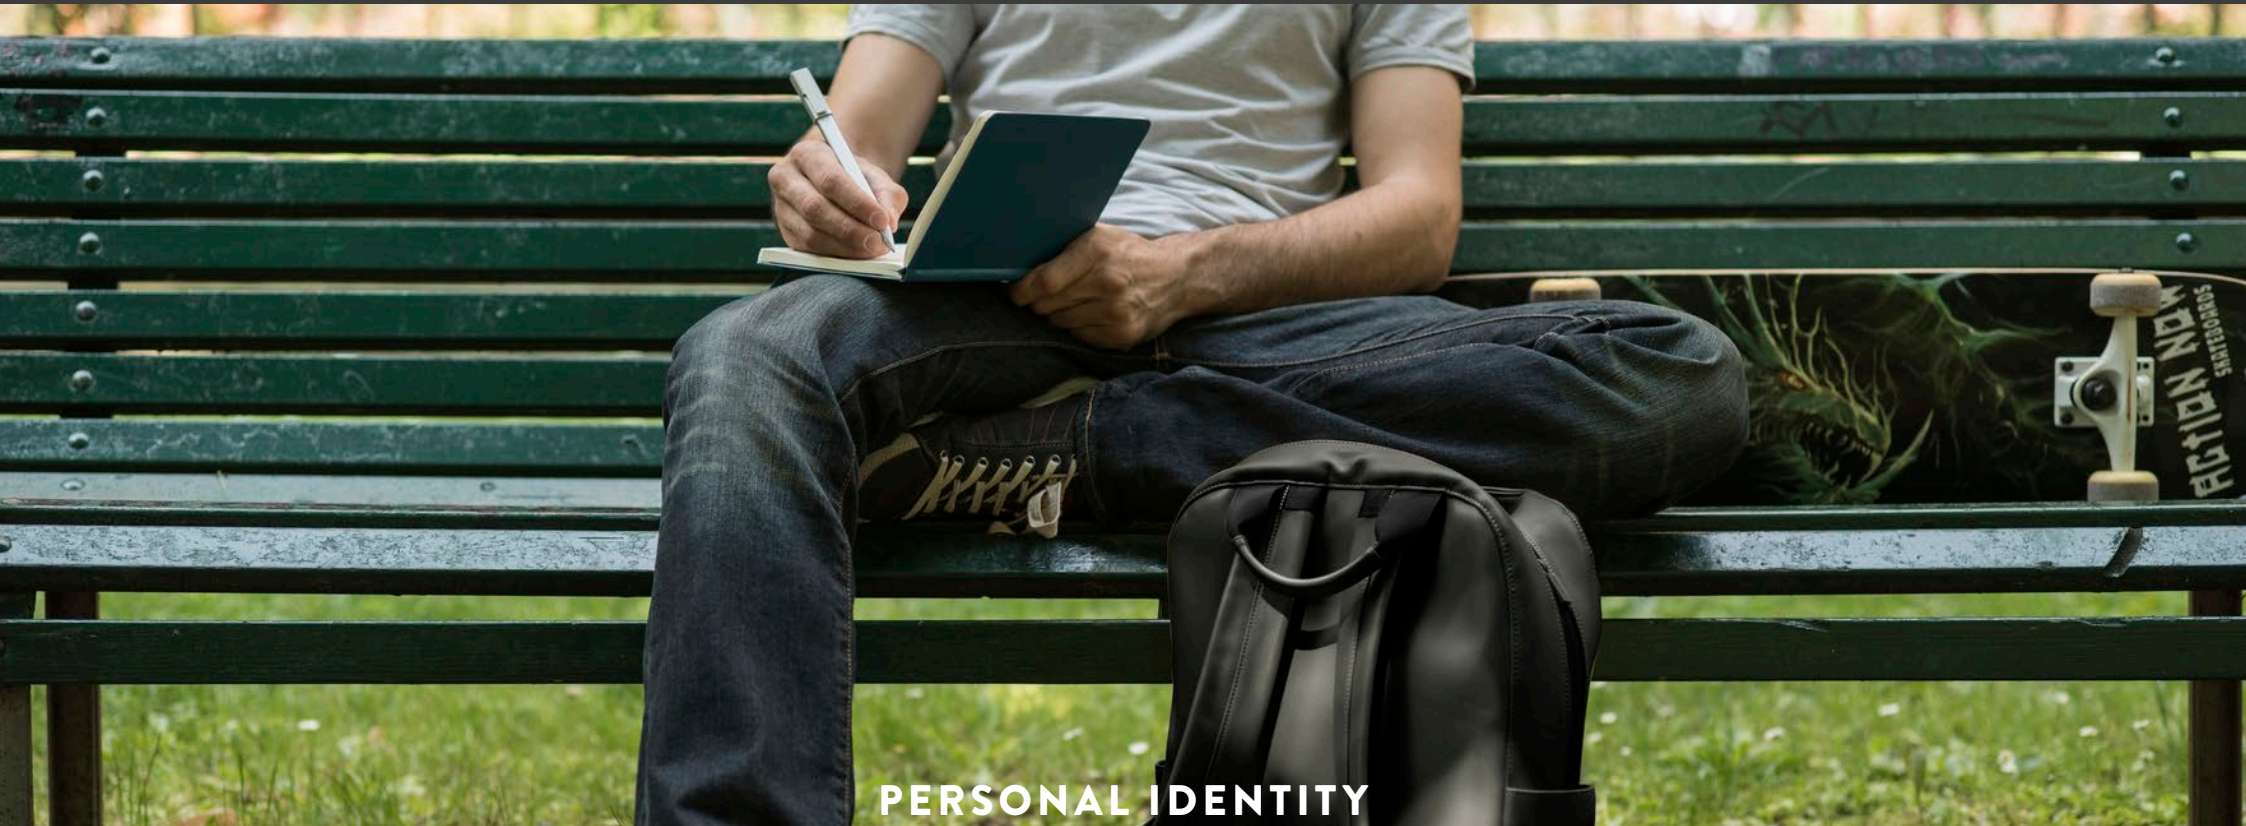

Moleskine is a brand connected to the collection of memories, the organization of time and priorities in our working life and leisure time.

TRAVEL

Celebrating contemporary nomadism, Moleskine offers a collection of tools to accompany everyday and extraordinary journeys.

PERSONAL IDENTITY

A Moleskine object becomes an integral part of one's personality. It's a basic, compact and intelligent tool. The things we carry around with us, brought together, help to convey our personalities, expressing our interests and tastes.

PERSONAL IDENTITY

What we carry is who we are.

From the contents of a notebook or bag, to an inspiring conversation at Moleskine Café, or an article in Fold, Moleskine objects and spaces are all platforms designed to enable self-expression and the diffusion of ideas.

Moleskine tools are chosen for their meaning, design and functionality, but it is the content recorded and stored inside that elevates and transforms them: the thoughts you document and the mix of items you never leave home without all tell a unique story about who you are.

An initial spark of creativity might be recorded in a notebook or Paper Tablet before being shared and developed online, eventually returning to paper in printed form – a process that relies on a mix of analog and digital Moleskine tools.

Pick and choose the objects that embody your own individual identity and empower your ordinary and extraordinary journeys.

MOLESKINE HELPS COMPANIES TELL THEIR STORIES

In today's crowded world, it's not necessarily the product or service which helps a company to stand out, but the story. It is the way a company innovates in response to challenges that differentiates it from competitors.

Moleskine helps companies tell their stories. Our notebooks are books to be written in, our bags are containers to be filled and our writing instruments fuel to communicate with. We offer simple, thoughtfully designed, functional objects that can be turned into powerful communicators for the world's best brands. **Let's start telling your story together.**

From notebooks to bags, the Moleskine Collections can be customized to convey corporate messages on many levels.

PERSONALIZE THE OBJECTS

Personalization is a simple and beautiful way to make your project unique. A logo, company identity or name can easily be added to the cover of any notebook, pen or Moleskine object.

ADVANCED PERSONALIZATION TO ENRICH YOUR PROJECT

Surprise recipients with the unexpected. For increased impact, additional details can be added to the front and back endpapers, inside cover or inner pages of our notebooks. Use dedications, carefully reproduced high-resolution illustrations, sketches, images or text to recount your company's story or personal messages. After all, the blank page is there to be filled.

PRINTED INSERTS

Incentives, invitations or other additional information can be communicated with an insert, a printed card, flyer or brochure placed inside each Moleskine object.

PACKAGING

Packaging is an important communication tool which can be added to any project. The Moleskine notebook's paperband can be printed in a variety of colours and we offer customized packaging. Choose from elegant fabric storage bags with drawstring closure, gift boxes or cases. Your logo, tagline or design can be printed on them as you request.

CHOOSE THE OBJECT AND CREATE YOUR OWN SET

Communications activities can be taken even further with the perfect match for the Moleskine notebook. Some examples of sets you can create are: notebook with writing instrument, notebook with set of cahier journals, or notebook with pen and bag. Moleskine pens are specially designed to clip onto the side of the classic notebook and can be printed or engraved. With high quality ink, customizations last even longer.

MOVING STORIES STORYLINE FOR 2020

Driving inspiration. Collecting emotions.

Moving Stories is the storyline that unites all our 2020 collections. It celebrates an era increasingly dedicated to things that truly matter. This year will be about pressing pause to question what's really important, and we will all measure our choices for the common good – investing in emotional and personal growth to draw closer to our authentic identities.

2020 will be less about hype and more about causes, less about owning and more about experiencing, less about “selfies” and more about communities. We will search for new ways of empowering our minds and actions. Creativity will play a key role in identifying new ways of interpreting the old and – more importantly – diving into the future. This creativity will come through embracing exploration as a mindset, seeking fulfillment and continuous learning.

We will rethink time, with time-out and play becoming as important as productivity. From now on, delight and emotions are the new identity shapers for a travelling generation.

In 2020, all our products, spaces and services are dedicated to Moving Stories – from narratives unlocked by travel to tales that have the power to move something within us.

BAGS & ACCESSORIES

Containers for a mobile lifestyle.

A MOLESKINE BAG SPEAKS VOLUMES

Moleskine objects are all portable platforms for self-expression – from blank pages that invite you to note down ideas, to bags and pouches that make space for the unique combination of things you carry every day. The belongings we never leave home without tell a story about who we are, just as much as the contents of our notebook and smartphone. Moleskine bags, cases and pouches all convey our personalities by containing the things that we need most often on the move.

YOUR IDENTITY ON THE MOVE

There are now more than 50 million people living today who rely more on an email address than a fixed abode. These creative professionals and knowledge workers live in a global universe with no borders, where every change of location is a journey, both physical and emotional. In this mobile context, it is increasingly the things that come with us, the objects we carry, that define us. Keeping them safe becomes a basic human need, and the bag we choose for the job speaks volumes about who we are.

WHAT IS A MOLESKINE BAG?

Inspired by the legendary notebook, Moleskine bags are smart and well-designed objects that adapt to your needs and unique contents.

- A Moleskine bag is practical
- A Moleskine bag is light
- A Moleskine bag is simple
- A Moleskine bag is essential
- A Moleskine bag is discreet
- A Moleskine bag is safe
- A Moleskine bag is you
