

ART DE LA TABLE

SELETTI

Ever since it was established in **1964** in Cicognara, Mantova, SELETTI has pursued its mission of making the most of professionalism, service and above all an endless product research, striving for improvement, innovation and **originality**. The company focuses on design projects and on the creativity which characterises Italian excellence. The collections contain **art** blended with **daily life icons**, objects that send a message of shape and function while **conveying** to its customers the vision for creating a unique, **personal**, fun lifestyle. Today Seletti aims at a new kind of production and daily life, an on-going journey within the idea of beauty.

10 years are passed since the birth of the table line **ESTETICO QUOTIDIANO** – the disposable design elements in porcelain and borosilicate glass – the brand's best-selling products. Ironic and refined this line celebrates its 10th anniversary with three new must-have elements all in borosilicate glass; **the boiling pan, the carafe and the double barreled beaker**.

The colour **gold** has always been prominent and important for Seletti – a symbol of distinct value. **I-WARES**: this line of tableware dresses itself in gold; brilliant and elegant, **the new gold coloured finishes** add a renewed sophistication.
