Steel / Royal Blue
WxDxH: 34x15x13,5 cm

PACKAGING
1 pcs
WxDxH: 37x15x16,5 cm
Weight: 0,8 kg

We support sustainable wood sourcing

One important step towards a more sustainable design industry is to support responsible wood sourcing and forest management. That is why we endorse the Forest Stewardship Council™ by increasing the total share of FSC™-certified wood in our production. Doing so, we help making sure that no more trees are felled than the forest can reproduce – and that local communities, biodiversity and forest workers are treated with respect. Since the FSC™ certification is covering some areas of the world more thoroughly than others, we also take in PEFC-certified wood from Canada and the like. The share of FSC™-certified wood in our total production is currently 55% and we are working towards ensuring a 100% coverage by the end of 2020. We got our first FSC-certificate in 2003 and are proud members of FSC Denmark today as well.

Furthermore, we adhere to EU's Timber Regulation from 2013. This means that the we perform due diligences on all shipments covered by the EUTR, to ensure that the wood comes from legal sources.
