**Let’s celebrate the art of  
doing absolutely nothing.**

**SNURK**  
FOR HORIZONTAL LIVING

**Dragon**

Meet your new mythical bedtime friend. He will take you on his back high above the clouds and happily flame grill your dinner for you. No need to worry about enemies or nightmares with this big guy by your side.

**Ninja**

Karate kids and other warriors can now sleep peacefully with at least one eye closed. Because SNURK's Ninja is here. The life-size ninja doll printed on the duvet is originally only 30 cm/12 inch tall and was handcrafted by Singapore based artist 'HunterPig'. Enjoy the precision of its' details and organic cotton of undefeated quality. [hunterpig.blogspot.com](http://hunterpig.blogspot.com)

Sandal in progress!

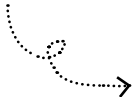

Lazy Panda

A baby panda is snoring on your bed. So sweet and cozy. And it looks like he's not leaving anytime soon. This summer you can also wear your love for panda's on your sleeve. Even dress your kids in it. Ahh, one can never have enough lazy pandas in the house.

All our bedding is made of 100% organic cotton...

...and so is our clothing.

**Palm Beach**

If summertime wasn't here already, it will be as soon as you put this print on your bed or body. The trees and leaves are printed on breathable beige organic cotton. It looks so realistic and good, we can almost feel the soft, warm summer breeze. Or did you just let one fly?

T-shirt

We've got summer vibes  
for the whole family.

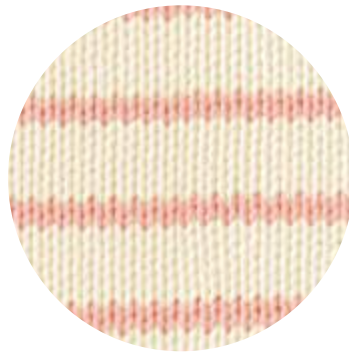

Swan Lake

Go swimming with elegant white swans in a beautiful deep navy blue lake. We mean that metaphorically. Don't actually go and do it. Because swans can get quite aggressive when you get too close to them. Better to enjoy their majestic beauty from the side of the lake in your comfortable Horizontal Wear.

Pockets,  
don't you just love 'em?

They are in all our  
t-shirt dresses, playsuits and shorts.

Can you believe this  
is just a print?

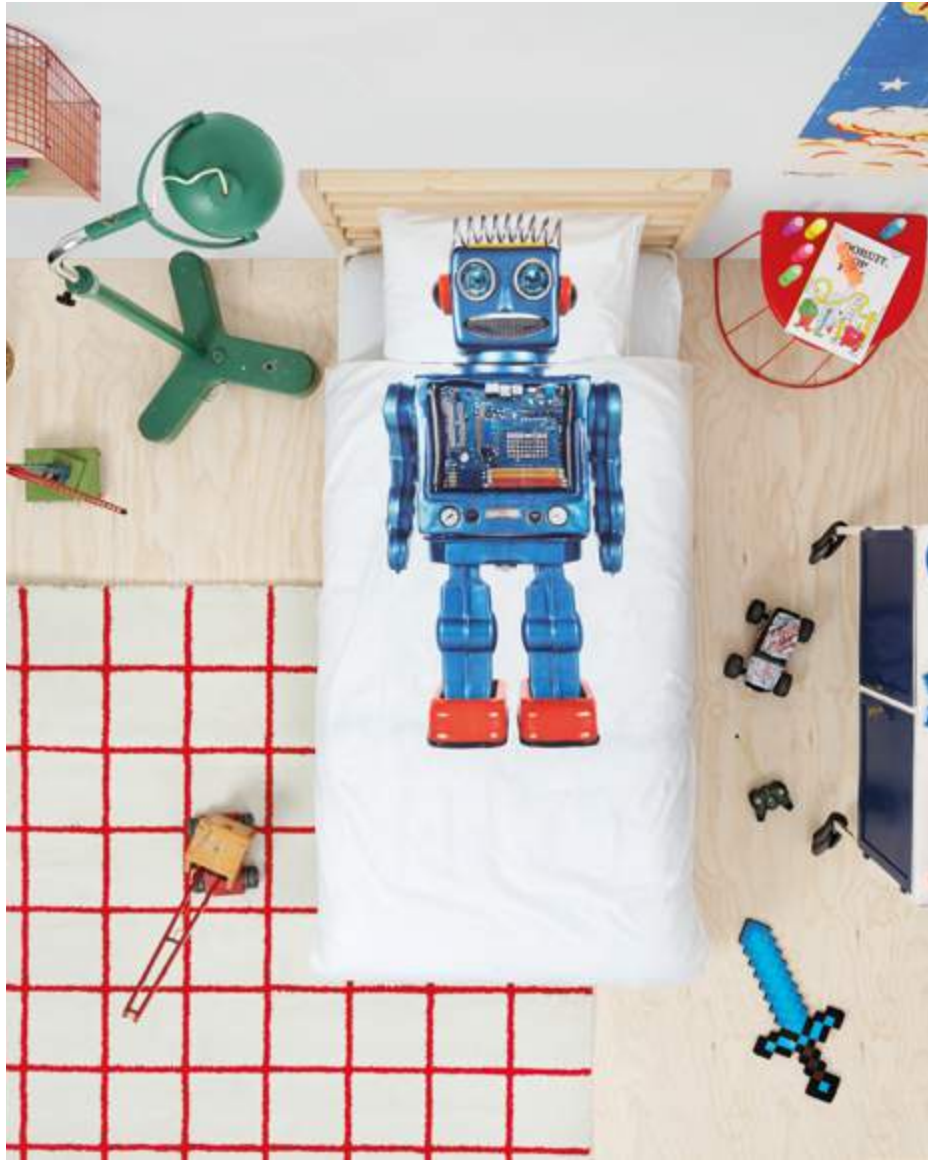

Breton Pink

Our classic Breton Bonsoir striped photo print is now also available in this new color: soft pink. Other than that, it's the same classic print, same soft touch, same beautiful organic cotton and same great night sleep.

## Robot

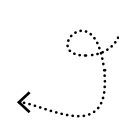

Beep. Beep. It. Is. Bedtime. Beep. I. Will. Now. Go.  
To. Beep. Sleep. Can. You. Please. Read. Me. A.  
Story. Beep. Beep. And. Then. Press. The. Off.  
Button. Beep. Have. A. Good. Night. Beep.

**New style!**  
Summer tank dress.  
Great for the beach.

**Floating Flamingo**  
Pack your holiday suitcase, embrace your inner flamingo  
and float into summer with us. See you in paradise.

## Alpacas Furreal

Walk with alpacas, play with alpacas, hug alpacas, do  
your yoga with alpacas, wear alpacas, sleep in alpacas.  
It's all great fun.

## Clay Traffic

There is always traffic on these roads, just like in real life. But the cars on our bedding sure are more fun to look at. And there is also plenty of safe and soft driving space for your little one. Honk! Honk!

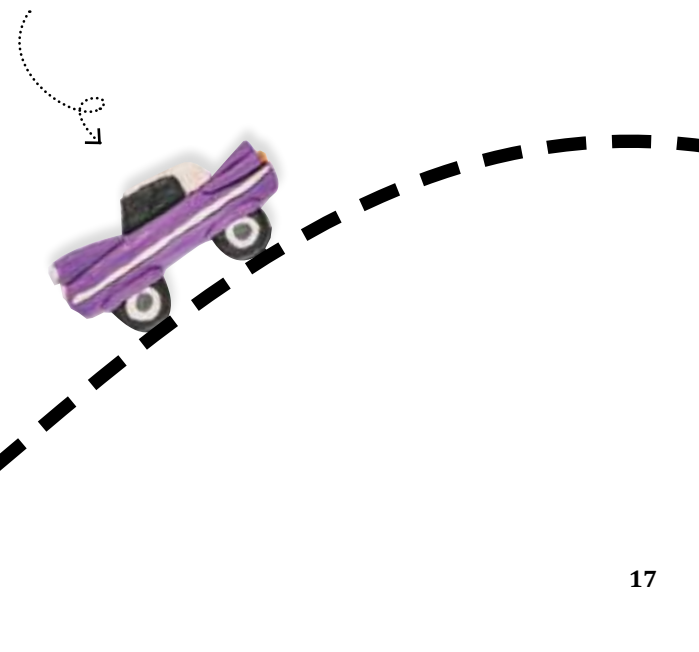

## Clay Beach

Do you and your dolls love the beach? Then go to bed quickly. Because this bedding turns your bed into a beach play mat. Let your dolls surf, swim with dolphins, or sunbathe. In the evening they can go camping on your pillow and roast marshmallows by the campfire.

The play dough art on both duvets covers was made by Georgina Vieane.

# Turn your bed into a play mat.

**Pepe Bird**  
Celebrating the art of doing nothing becomes so much easier with an outfit like this. So stop tweeting for a minute and start chilling with this bird.

**Camping Life**  
Going camping this year? Then we've got the caravan for you. In stylish mustard yellow, made with sustainable organic materials. And it folds so tiny it will fit in any backpack.

No pool at the campsite?  
Bring your own!

### Disco Fever

The 80's are back in fashion and we love it. That's why we dropped disco balls all over this look. But instead of mixing them with bright screaming 80's colors, how about we keep things casual and light grey this time around?

### Uni Black & Grey Melee

This is for the Snurkers who love our fabric, fit and comfort, but just aren't that into prints. We get that. So enjoy your quiet time in stylish black or sporty grey melee. We did add a small cross stitched SNURK logo. Hope you don't mind.

Cross stiched logo.

### Paper Desert

We wanted you to fully blend in with your summer's surroundings. So we layered colored pieces of paper and this desert camouflage print was the result. Can you see where we hid the camels?

# Why Snurk?

We create high quality, imaginative prints for bedding and loungewear. Designed from scratch by hand, camera and photoshop. Striving to give new meaning to the art of doing nothing.

We only use organic cotton, sustainably manufactured in Portugal. Because being awake to our impact on the environment, helps us all sleep better.

We make relaxing and bedtime fun, without compromising on quality. We feel you shouldn't have to choose between sustainable and fun.
