# little STACKERS

A lot of our designers at Stackers HQ are mums to young children. They were inspired to create a range of storage solutions for little ones that are fun and practical.

After completing a lot of trend research we have chosen the best characters to inspire and delight the next generation of Stackers.

## The Laundry Basket

Little Stackers Laundry Storage Baskets are an adorably fun and practical collection for the next generation of Stackers. The dual-purpose baskets can be utilised as both laundry and storage baskets.

Get the kids excited about putting their washing away into the hungry animals or make tidying their toys a fun event! Created from flexible felt making it easy and safe for the kids to join in.

# The Bed Pocket

Designed for both standard beds and bunk beds, these cool bed pockets are the ideal storage solution for bedside tidying! Perfect for bedtime books, cuddly toys, action figures and all kinds of other treasures little ones have.

Each bed pocket features tie ribbons which hold the bed pocket in place on bunk beds. Alternatively place the back half of the bed pocket under a mattress for standard style beds.

These really are a fantastic solution for those without a bedside table (or who want to keep it clear!).

Each bed pocket features tie ribbons which hold the bed pocket in place on bunk beds.

Place the back-half of the bed pocket under a mattress for standard style beds.
