2021

WELCOME TO UMBRA'S 2021 CATALOGUE OF PRODUCTS.

Thank you for your tremendous support during the past challenging year. We are grateful that Umbra has been able to continue to design and offer exciting, original, functional and affordable products for your home.

We started off this past year by celebrating our 40th Anniversary and everything was off to a great start until our business and many lives had to face the largely unknown effects of the global pandemic. Almost all of our customers' stores and even many non-essential e-commerce channels were suddenly closed. For the first time in many years, I wondered if Umbra would survive. Thanks to the dedication and sacrifices of our team and the support of our customers, we were able to quickly come back to full strength and then some.

Umbra, and others in the home goods business, were very lucky that the demand for home products has been more prominent than ever. We empathize with the many that have lost so much, such as businesses in hospitality, entertainment or travel, and especially to those and their families that have fallen victim to COVID-19.

In response to the pandemic and customer demand, we focused on products to help keep you and your family safe, such as expanding our soap dispenser family. Soon, we realized that our customers needed other kitchen, cleaning and storage items that were not only functional but also grounded in attractive design.

Our concern for safety remains focused on a healthy and sustainable climate. We have worked hard to make great strides in replacing noxious metal finishes with more eco-friendly ones, while also reducing and replacing non-sustainable materials and packaging.

Most importantly, we continue to ensure that we are offering great products that will prevail in both quality and design for many, many years to come.

Thank you again for all of your support. We are looking forward to 2021 and are excited to introduce to you some of the new and exciting products we have been designing for your homes.
