We're in love with teapots. Not only do they allow us to brew more than one cup at a time, they invite others to join us too. Be it glass, porcelain, ceramic or stainless steel, our innovative collection of teapots inspire conversation.

Floating Tea Strainer

Breathe.
Take a moment.
Today, you've earned it.
A moment to relax.
A moment to reflect.
A moment for your friends.
A moment for yourself.
Everyone loves a tea moment.
We make it even better.

Perfecting moments

VIVA Scandinavia is passionately dedicated to the experience of tea. We believe in the power of tea to improve the lives of our friends, families, and customers. Supported by thousands of years of tradition, tea soothes the spirit, tantalizes taste buds, invigorates the body, and draws us together.

A cup of tea makes everything better.
